Suzanne, the attached documents were discussed on the DRA call this week. The measures document reminded me of Doug's interest in "non-traditional" measures that reflect compliance assistance approaches and concerns with NEIs. I don't have an opinion on whether it is timely to share some of the attached documents with Doug. Bringing it to your attention to decide.

DELIBERATIVE – DO NOT RELEASE

Colleagues,

I wanted to share additional updates about our work with OECA. I am reattaching the one-page lead region report and the measures document that I sent earlier. In addition, I am attaching two additional documents below for your information. All four documents have been shared with your EDs and ECs.

1. Table of Major Changes – an overview of civil enforcement activities currently underway with OECA.
2. Transition from National Enforcement Initiatives to National Compliance Initiatives – draft memo currently under review.

Please call or email if you have any questions.
